| **CHANGING WORLD: HOW DO WE FEEL AND CO-CREATE NEW REALITY**

A panoramic view: What is the role of the individual, business, politics and society in the new world?

The world is changing rapidly. How will this affect the reality of the individual, business, politics and society? How can the gap between reality (awareness) and the near future (new reality) be bridged? Are we ready for the challenges of the future? How can we co-shape it, rather than just adapt to it?

In partnership with:
